

DD PHARMACHEM ENGINEERING

Medical and Safety Items Supplier

Mr. Dipen Solanki | Director

Mob No - + 91 9727756046 Email Id- dipen@ddpharmachem.in

Safety at work.

Know the facts so you don't become a statistic.

66 
MEMBERS OF THE PUBLIC
DIED AS BYSTANDERS
to someone else's work
activity in 2013

63% 
of serious claimants are MALE
2012-13

It only takes
15 MINS 
A WEEK TO SUFFER
HEARING DAMAGE
from noise levels above 105dBa.

EYE INJURIES
result in around 

28% 
of office workers
DON'T KNOW if they
have a safety expert on site

17% 
of office workers
say their workplace
DOES NOT communicate
safety plans effectively

If you're as little as 
5%
DEHYDRATED
your alertness and
concentration is reduced
20-40%

YOUR TRUSTED

OUR RESPONSIBILITY

Safety is more than just products.

It's about understanding the safety options and requirements needed to send your employees home safely at the end of each day. It's about assessing your facility, engineering out hazards, applying administrative controls and supplying the proper personal protective equipment (PPE) for the job.

OUR WIDE SELECTION OF PEOPLE AND FACILITY SAFETY SOLUTIONS CAN HELP YOU:

AVOID INJURIES

Reduced injuries help people feel safer on the job.

STAY COMPLIANT WITH REGULATIONS THAT AFFECT YOUR ORGANIZATION

Avoid the potential fines and negative publicity associated with citations and fines.

MANAGE YOUR SAFETY RISKS

One way to manage safety risks is by managing workers' compensation costs. Through an effective safety program, you can work on keeping these costs as low as possible.

INCREASE YOUR PRODUCTIVITY

Without an effective safety program, your productivity could suffer due to shutdowns or work stoppages if employee injuries occur.

VENUS AIRLINE

Technical Datasheet

Self Contained Breathing Apparatus

Features & Benefits

Head Strap in flame retardant material

Silicon Full Face mask

Toric lens for wide vision
Shock resistant & scratch resistant
Easy & quick to use & low maintenance

Demand Valve

Turns the air into a suitable pressure level for human body
Prevents fogging on the visor

Dual Quick Release Coupling

Facilitates instant coupling & decoupling with Auxiliary outlet for emergency rescue

Water Proof Remote Pressure Gauge With Alarm

Denotes Air flow pressure from Cylinder
Handy when Cylinder is back-mounted

Adjustable waistband

With quick release buckles

Reflective flame retardant Harness

For high Visibility
Withstands high temperatures

Pressure gauge on cylinder

Denotes Cylinder Pressure at standby mode

Pressure Reducing Valve

Turns high air pressure into medium

Supplied with strong storage case

Polyamide Back Plate

Chemical resistant
Head Resistant
Light Weight & Flexible
Anti-static

VENUS AIRLINE

Technical Datasheet

Supplied Air Respiratory Unit

Features & Benefit

Universal CA2 Hood

- ◆ Lets in positive pressured fresh breathable air flow
- ◆ Provides comfort in breathing in closed environment
- ◆ Protect eye, Head and complete face

Universal connector with Air Hose

- ◆ Compatible with range of Clean AIR® headpieces

Low pressure Flow Control Valve

- ◆ Ensures a constant amount of air into the hood
- ◆ Allows air supply adjustment by a swivel control knob

Inbuilt sound absorber

- ◆ Lets you work peacefully

Clean Air Basic Spiral Hose

- ◆ Facilitates easy connection with CA pressure unit

Low Pressure Conditioner

- ◆ Stationary pressure air preparation plant
- ◆ Three stage filtration process
- ◆ HEPA, GAC odour filter & Activated Charcoal
- ◆ Removes solid & liquid particles, fine oil, oil fumes & odors
- ◆ Available with 3 user outlets
- ◆ Pressure gauge on Filter panle
- ◆ Pressure controller on filter panel
- ◆ MS stand panel slows down corrosioning

Easy maintenance

- ◆ Pressure Conditioner Filter, Hose, flow control valve

User manual

- ◆ For easy connection set up
- ◆ Saves time

VENUS SPILL KIT

Absorption capacity
 ·10 times x its own body weight
 ·Large surface area

Stays afloat
 ·Does not sink after absorbing the spilt oil
 ·Can be removed easily

Large surface area
 Attracts majority of the spilled oil to its surface
 Absorbs large quantities of spilled fluids

Flexible
 ·Can be easily placed around a liquid spill to block it from spreading
 ·Absorbs leaks in tight places

Light weight
 Can be transported / carried to the area of the spill with minimum effort

Multi-use
 Can be used to clean areas with liquid spills, oils, coolants, cutting oils and solvents

Identifies oil and water separately
 Floats in water, but absorbs oil

Booms - Mouldable as per need
 Easily mouldable to required shapes
 E.g. around machines, pipes and other areas

Pillow - Rough and tough
 Stands rough handling

Pad - 2 in 1 design
 Can be used as a pad or a wipe

Uses
 Used for drip, leaks and repair jobs

Customizable to avoid waste
 Continuous sock design allows customization of length and formation to provide full use of the absorbent

VENUS V-Sorb Pillows

Item #	Colour
18101	GREY

VENUS V-SPILL KIT

125 Lts. (Capacity)

Contents	Quantity
Pad	12Nos.
Boom	3Nos.
Pillows	2Nos.
V-8007800 ABEK1P3R Multipurpose Gas Mask	1Set
Splash Goggle	1No.
Nitrile Gloves	1Pair
Chemical Gum Boots	1Pair
Barricade Tape	1Roll
Disposable Bag	1No.

Item # 18100

Suggested Applications

- Drains
- Oil drum storage
- Leaks and Drips
- Spill response
- Paint sludge
- Oil and grease spills
- Nuisance leaks
